Foot Notes:

(a**) On the latter occasion, as noted elsewhere, Mr. Hugh Watson exhibited some of his famous Keillor Dobbies, both in the fat stock and breeding classes. Ever since that time the Highland Society has given due attention to the polled breed of the north-east, and has more than once taken official notice of its peculiarly high merits. At the Perth show of the Highland Society in 1852, there would seem to have been an excellent display of polled Aberdeen-Angus stock, for in the portion of the official report of that show referring to these, we find the following sentences: "The Directors rejoice that this and preceding shows indicate a praiseworthy amount of effort and care on the part of the breeders of polled stock, followed by a corresponding improvement in the stock. They cannot but regard it as the most valuable breed of Scotland", etc. pg. 98

MR. HUGH WATSON

SIR GEO. M. GRANT

(b**) Emily's daughter, Erica 843, by Cupbearer 59, was acquired from Lord Southesk by Sir George Macpherson Grant, Bart., of Ballindalloch, and with her he founded his well known Erica tribe. pg. 86.
